 10. Mr Laughren - Resolution - That the Minister of Finance be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing November 1, 1993 and ending December 31, 1993, such payments to be charged to the proper appropriation following the voting of supply. **WANT OF CONFIDENCE
NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

25. Mr Daigeler - Resolution - That, in the opinion of this House, since, in December, 1992, the Bob Rae government postponed indefinitely the completion of Highway 416 between Century Road and the 401, and

since this delay breaks the promise made by the NDP Transportation Minister Ed Philip in November 1990 to honour the Liberal government's commitment towards a 1999 completion date, and

since the 416 postponement and the recent decision to charge significant fees for the Wolfe Island and Glenora ferries proves clearly that no one is fighting aggressively within the NDP government for the interests of Eastern Ontario, and

since the building of a four lane link between Ottawa and the 401 has been a transportation priority for people in Eastern Ontario since 1966 but was basically ignored by successive Conservative governments, and

since for the first time a formal commitment was made to this project and monies allocated by Liberal Transportation Minister Ed Fulton on June 12, 1989, and

since Liberal Transportation Minister Bill Wrye in a July 3, 1990 letter to Nepean M.P.P. Hans Daigeler promised the completion of Phase I by 1995 and of Phase II by 1999, and

since the quick completion of Highway 416 topped the 1990 election wish list of Ottawa-Carleton's business community, and

since, from 1985 to the fall of 1992, there were 39 deaths and 721 reported accidents on Highway 16 with 90% of them happening between Century Road and the 401, and

since area Conservative M.P.P.'s Bob Runciman, Norm Sterling, and Noble Villeneuve have failed to ask questions in the House about this matter as requested of them by the Grenville Business News in March, 1993, and

since Ottawa-Carleton Regional Council in a motion of January 13 strongly urged the Province of Ontario to stand by their commitment to complete the construction of Highway 416 from Highway 401 to Highway 417 by 1999,

therefore, the Bob Rae government should be asked to re-establish funding for the construction of Highway 416 in time for the 1999 completion date as planned by the Liberal government and confirmed by NDP Transportation Minister Ed Philip in November, 1990. October 6, 1993.

27. Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

since small business claims the major federally-chartered banks and provincially-regulated financial institutions unreasonably restrict access to capital for small business, creating a "credit crunch"; and

since the Bank of Canada says small bank loans - which small business rely on - declined between 1990-1992, while loans to big business increased during the same period; and

since the survival of many small businesses and the prosperity of Ontario is threatened by banks and financial institutions that are not doing their fair share of small business lending; and

since Canada's major chartered banks recorded healthy profits during this recession; and

since nearly half, or 44%, of Canada's bank deposits come from Ontario depositors, giving the Province of Ontario a direct interest in where this capital is reinvested;

therefore, this House urges the Government of Ontario to call upon the new federal Minister of Finance to convene a meeting with provincial finance ministers on the economy, at which first ministers will work to ease the credit crunch facing small business; and

urge the new federal government to call a national summit meeting with banks and business representatives, to discuss small business financing; and

request the new federal government to introduce a Community Reinvestment Act - as the United States federal and state governments have - requiring all deposit-taking financial institutions to recycle a minimum portion of their loan portfolio within the communities which provided the deposits; and

support a federal Community Reinvestment Act that is structured to promote full employment by supporting small business and community economic development; and

introduce a Community Reinvestment Act in the Province of Ontario following the introduction of similar federal legislation; and

ensure that Ontario's proposed legislation to regulate provincial financial institutions removes impediments which restrict access to capital for small business, allowing Ontario's financial institutions to play a greater role in the province's economic renewal. October 19, 1993.

28. Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the salary paid to the Deputy Minister and the four other highest paid bureaucrats in each Ministry of the government, the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid political staff in each Ministry and the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid executives in each Crown corporation;

the details of any non-routine loans made or guaranteed by a government Ministry, agency or Crown corporation to any of the above individuals;

information on benefits paid to any of the above individuals that add significantly to compensation;

information on compensation paid to a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff who left during the fiscal year but would otherwise have been among the highest paid group;

information on any contract that would result in a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff being paid more than \$100,000 as a result of being dismissed or having to change duties;

the details of the compensation paid to the directors of Crown corporations. October 19, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

2. Debated October 27, 1993.

Mrs McLeod - Recognizing that, since taking office, the NDP government has failed to put in place appropriate mechanisms for the increased demand for cancer treatment;

And whereas the number of Ontario residents being diagnosed with cancer is growing at about 45,000 per year;

And whereas two out of three families will have a family member diagnosed with cancer;

And whereas there are concerns that patients will receive timely treatment;

And whereas physicians are performing procedures such as surgery due to concerns that less invasive treatment, such as radiation, may not be available on time;

And whereas the government has set no standards with respect to radical cases as opposed to palliative care;

And whereas 85 per cent of all cancer cases occur in people over the age of 55;

And whereas lung cancer continues to be the leading cause of death among all cancer patients, yet despite its commitment in 1991, the NDP government has taken no action on its proposed Tobacco Act;

And whereas waiting lists at cancer units in Ontario frequently exceed the standards for optimum care set by the Canadian Association of Radiation Oncologists;

And whereas the Minister of Health has repeatedly said that hospitals must find the money to perform bone marrow transplants within global budgets without providing any funding assistance;

And whereas the government has not undertaken human resource planning to ensure an adequate pool of radiation oncologists, radiation therapists, and medical physicists;

And whereas the NDP government has created a climate that is encouraging more and more physicians to leave the province;

Therefore the Liberal caucus calls on the NDP government to admit its failure to develop a coherent, effective, cancer strategy; and to initiate a broad cancer care program ranging from prevention to long-term care in a province-wide co-ordinated approach; and, to start work immediately with hospitals, communities, cancer centres, and patients to take all necessary steps to clear up the backlog of treatment cases in the province and ensure no further backlog occurs and that all residents of Ontario receive the cancer care they need when they need it. Minister of Health. To be debated November 2, 1993.

43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

25. Debated October 28, 1993.

27. Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

since small business claims the major federally-chartered banks and provincially-regulated financial institutions unreasonably restrict access to capital for small business, creating a "credit crunch"; and

since the Bank of Canada says small bank loans - which small business rely on - declined between 1990-1992, while loans to big business increased during the same period; and

since the survival of many small businesses and the prosperity of Ontario is threatened by banks and financial institutions that are not doing their fair share of small business lending; and

since Canada's major chartered banks recorded healthy profits during this recession; and

since nearly half, or 44%, of Canada's bank deposits come from Ontario depositors, giving the Province of Ontario a direct interest in where this capital is reinvested;

therefore, this House urges the Government of Ontario to call upon the new federal Minister of Finance to convene a meeting with provincial finance ministers on the economy, at which first ministers will work to ease the credit crunch facing small business; and

urge the new federal government to call a national summit meeting with banks and business representatives, to discuss small business financing; and

request the new federal government to introduce a Community Reinvestment Act - as the United States federal and state governments have - requiring all deposit-taking financial institutions to recycle a minimum portion of their loan portfolio within the communities which provided the deposits; and

support a federal Community Reinvestment Act that is structured to promote full employment by supporting small business and community economic development; and

introduce a Community Reinvestment Act in the Province of Ontario following the introduction of similar federal legislation; and

ensure that Ontario's proposed legislation to regulate provincial financial institutions removes impediments which restrict access to capital for small business, allowing Ontario's financial institutions to play a greater role in the province's economic renewal. October 19, 1993.

28. Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the salary paid to the Deputy Minister and the four other highest paid bureaucrats in each Ministry of the government, the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid political staff in each Ministry and the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid executives in each Crown corporation;

the details of any non-routine loans made or guaranteed by a government Ministry, agency or Crown corporation to any of the above individuals;

information on benefits paid to any of the above individuals that add significantly to compensation;

information on compensation paid to a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff who left during the fiscal year but would otherwise have been among the highest paid group;

information on any contract that would result in a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff being paid more than \$100,000 as a result of being dismissed or having to change duties;

the details of the compensation paid to the directors of Crown corporations. October 19, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

3. Mrs McLeod - Recognizing that, since taking office, the NDP government has failed to put in place appropriate mechanisms for the increased demand for cancer treatment;

And whereas the number of Ontario residents being diagnosed with cancer is growing at about 45,000 per year;

And whereas two out of three families will have a family member diagnosed with cancer;

And whereas there are concerns that patients will receive timely treatment;

And whereas physicians are performing procedures such as surgery due to concerns that less invasive treatment, such as radiation, may not be available on time;

And whereas the government has set no standards with respect to radical cases as opposed to palliative care;

And whereas 85 per cent of all cancer cases occur in people over the age of 55;

And whereas lung cancer continues to be the leading cause of death among all cancer patients, yet despite its commitment in 1991, the NDP government has taken no action on its proposed Tobacco Act;

And whereas waiting lists at cancer units in Ontario frequently exceed the standards for optimum care set by the Canadian Association of Radiation Oncologists;

And whereas the Minister of Health has repeatedly said that hospitals must find the money to perform bone marrow transplants within global budgets without providing any funding assistance;

And whereas the government has not undertaken human resource planning to ensure an adequate pool of radiation oncologists, radiation therapists, and medical physicists;

And whereas the NDP government has created a climate that is encouraging more and more physicians to leave the province;

Therefore the Liberal caucus calls on the NDP government to admit its failure to develop a coherent, effective, cancer strategy; and to initiate a broad cancer care program ranging from prevention to long-term care in a province-wide co-ordinated approach; and, to start work immediately with hospitals, communities, cancer centres, and patients to take all necessary steps to clear up the backlog of treatment cases in the province and ensure no further backlog occurs and that all residents of Ontario receive the cancer care they need when they need it. NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

27. Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

since small business claims the major federally-chartered banks and provincially-regulated financial institutions unreasonably restrict access to capital for small business, creating a "credit crunch"; and

since the Bank of Canada says small bank loans - which small business rely on - declined between 1990-1992, while loans to big business increased during the same period; and

since the survival of many small businesses and the prosperity of Ontario is threatened by banks and financial institutions that are not doing their fair share of small business lending; and

since Canada's major chartered banks recorded healthy profits during this recession; and

since nearly half, or 44%, of Canada's bank deposits come from Ontario depositors, giving the Province of Ontario a direct interest in where this capital is reinvested;

therefore, this House urges the Government of Ontario to call upon the new federal Minister of Finance to convene a meeting with provincial finance ministers on the economy, at which first ministers will work to ease the credit crunch facing small business; and

urge the new federal government to call a national summit meeting with banks and business representatives, to discuss small business financing; and

request the new federal government to introduce a Community Reinvestment Act - as the United States federal and state governments have - requiring all deposit-taking financial institutions to recycle a minimum portion of their loan portfolio within the communities which provided the deposits; and

support a federal Community Reinvestment Act that is structured to promote full employment by supporting small business and community economic development; and

introduce a Community Reinvestment Act in the Province of Ontario following the introduction of similar federal legislation; and

ensure that Ontario's proposed legislation to regulate provincial financial institutions removes impediments which restrict access to capital for small business, allowing Ontario's financial institutions to play a greater role in the province's economic renewal. October 19, 1993.

28. Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the salary paid to the Deputy Minister and the four other highest paid bureaucrats in each Ministry of the government, the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid political staff in each Ministry and the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid executives in each Crown corporation;

the details of any non-routine loans made or guaranteed by a government Ministry, agency or Crown corporation to any of the above individuals;

information on benefits paid to any of the above individuals that add significantly to compensation;

information on compensation paid to a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff who left during the fiscal year but would otherwise have been among the highest paid group;

information on any contract that would result in a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff being paid more than \$100,000 as a result of being dismissed or having to change duties;

the details of the compensation paid to the directors of Crown corporations. October 19, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

3. Mrs McLeod - Recognizing that, since taking office, the NDP government has failed to put in place appropriate mechanisms for the increased demand for cancer treatment;

And whereas the number of Ontario residents being diagnosed with cancer is growing at about 45,000 per year;

And whereas two out of three families will have a family member diagnosed with cancer;

And whereas there are concerns that patients will receive timely treatment;

And whereas physicians are performing procedures such as surgery due to concerns that less invasive treatment, such as radiation, may not be available on time;

And whereas the government has set no standards with respect to radical cases as opposed to palliative care;

And whereas 85 per cent of all cancer cases occur in people over the age of 55;

And whereas lung cancer continues to be the leading cause of death among all cancer patients, yet despite its commitment in 1991, the NDP government has taken no action on its proposed Tobacco Act;

And whereas waiting lists at cancer units in Ontario frequently exceed the standards for optimum care set by the Canadian Association of Radiation Oncologists;

And whereas the Minister of Health has repeatedly said that hospitals must find the money to perform bone marrow transplants within global budgets without providing any funding assistance;

And whereas the government has not undertaken human resource planning to ensure an adequate pool of radiation oncologists, radiation therapists, and medical physicists;

And whereas the NDP government has created a climate that is encouraging more and more physicians to leave the province;

Therefore the Liberal caucus calls on the NDP government to admit its failure to develop a coherent, effective, cancer strategy; and to initiate a broad cancer care program ranging from prevention to long-term care in a province-wide co-ordinated approach; and, to start work immediately with hospitals, communities, cancer centres, and patients to take all necessary steps to clear up the backlog of treatment cases in the province and ensure no further backlog occurs and that all residents of Ontario receive the cancer care they need when they need it. Minister of Health. To be debated today.

441. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please state how many beds or spaces there are in Ontario's 46 correctional facilities, detention centres and jails; how many of those beds stand empty or have been "closed" and are not available to incoming sentenced inmates; the number and location of such "closed" beds; and finally, when such beds were "closed" and the reasons why they were "closed". November 2, 1993.
442. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please state whether individuals sentenced to a period of incarceration and permitted to serve that time intermittently (i.e. on weekends) have been granted "passes" when the facility to which they are assigned cannot accommodate them; the number of such "passes" granted in the last 18 months and indicate whether individuals receiving such "passes" are granted credit for the time they would have otherwise spent in the institution. November 2, 1993.
443. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please describe any renovations carried out on the Sarnia Jail in the last 18 months and the cost of such renovations. November 2, 1993.

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

27. Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

since small business claims the major federally-chartered banks and provincially-regulated financial institutions unreasonably restrict access to capital for small business, creating a "credit crunch"; and

since the Bank of Canada says small bank loans - which small business rely on - declined between 1990-1992, while loans to big business increased during the same period; and

since the survival of many small businesses and the prosperity of Ontario is threatened by banks and financial institutions that are not doing their fair share of small business lending; and

since Canada's major chartered banks recorded healthy profits during this recession; and

since nearly half, or 44%, of Canada's bank deposits come from Ontario depositors, giving the Province of Ontario a direct interest in where this capital is reinvested;

therefore, this House urges the Government of Ontario to call upon the new federal Minister of Finance to convene a meeting with provincial finance ministers on the economy, at which first ministers will work to ease the credit crunch facing small business; and

urge the new federal government to call a national summit meeting with banks and business representatives, to discuss small business financing; and

request the new federal government to introduce a Community Reinvestment Act - as the United States federal and state governments have - requiring all deposit-taking financial institutions to recycle a minimum portion of their loan portfolio within the communities which provided the deposits; and

support a federal Community Reinvestment Act that is structured to promote full employment by supporting small business and community economic development; and

introduce a Community Reinvestment Act in the Province of Ontario following the introduction of similar federal legislation; and

ensure that Ontario's proposed legislation to regulate provincial financial institutions removes impediments which restrict access to capital for small business, allowing Ontario's financial institutions to play a greater role in the province's economic renewal. October 19, 1993.

28. Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the salary paid to the Deputy Minister and the four other highest paid bureaucrats in each Ministry of the government, the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid political staff in each Ministry and the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid executives in each Crown corporation;

the details of any non-routine loans made or guaranteed by a government Ministry, agency or Crown corporation to any of the above individuals;

information on benefits paid to any of the above individuals that add significantly to compensation;

information on compensation paid to a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff who left during the fiscal year but would otherwise have been among the highest paid group;

information on any contract that would result in a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff being paid more than \$100,000 as a result of being dismissed or having to change duties;

the details of the compensation paid to the directors of Crown corporations. October 19, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

Ballot Item Number 33 - To be debated November 4, 1993.

Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the compensation paid to the directors of Crown corporations.

Ballot Item Number 34 - To be debated November 4, 1993.

Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

Ballot Item Number 35 - To be debated November 18, 1993.

Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

441. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please state how many beds or spaces there are in Ontario's 46 correctional facilities, detention centres and jails; how many of those beds stand empty or have been "closed" and are not available to incoming sentenced inmates; the number and location of such "closed" beds; and finally, when such beds were "closed" and the reasons why they were "closed". November 2, 1993.
442. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please state whether individuals sentenced to a period of incarceration and permitted to serve that time intermittently (i.e. on weekends) have been granted "passes" when the facility to which they are assigned cannot accommodate them; the number of such "passes" granted in the last 18 months and indicate whether individuals receiving such "passes" are granted credit for the time they would have otherwise spent in the institution. November 2, 1993.
443. Mr Runciman - Enquiry of the Ministry - Would the Minister of Correctional Services please describe any renovations carried out on the Sarnia Jail in the last 18 months and the cost of such renovations. November 2, 1993.

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

27. Mr Marchese - Resolution - That, in the opinion of this House, since small and medium-sized businesses in Ontario created 85% of all new jobs between 1979 and 1989, employ nearly 2 million people with a payroll of \$44 billion, and are vital players in our province's economic renewal; and

since small business claims the major federally-chartered banks and provincially-regulated financial institutions unreasonably restrict access to capital for small business, creating a "credit crunch"; and

since the Bank of Canada says small bank loans - which small business rely on - declined between 1990-1992, while loans to big business increased during the same period; and

since the survival of many small businesses and the prosperity of Ontario is threatened by banks and financial institutions that are not doing their fair share of small business lending; and

since Canada's major chartered banks recorded healthy profits during this recession; and

since nearly half, or 44%, of Canada's bank deposits come from Ontario depositors, giving the Province of Ontario a direct interest in where this capital is reinvested;

therefore, this House urges the Government of Ontario to call upon the new federal Minister of Finance to convene a meeting with provincial finance ministers on the economy, at which first ministers will work to ease the credit crunch facing small business; and

urge the new federal government to call a national summit meeting with banks and business representatives, to discuss small business financing; and

request the new federal government to introduce a Community Reinvestment Act - as the United States federal and state governments have - requiring all deposit-taking financial institutions to recycle a minimum portion of their loan portfolio within the communities which provided the deposits; and

support a federal Community Reinvestment Act that is structured to promote full employment by supporting small business and community economic development; and

introduce a Community Reinvestment Act in the Province of Ontario following the introduction of similar federal legislation; and

ensure that Ontario's proposed legislation to regulate provincial financial institutions removes impediments which restrict access to capital for small business, allowing Ontario's financial institutions to play a greater role in the province's economic renewal. October 19, 1993.

28. Mr Turnbull - Resolution - That, in the opinion of this House, taking note of the Government's decision to require the public disclosure of compensation paid to executives of companies which are publicly traded in Ontario; and

believing that the Government of Ontario should apply the same standards of accessibility and accountability to its own operations that it applies to individuals and companies in the private sector;

this House urges the Government to immediately introduce legislation necessary to provide for the disclosure annually in the Public Accounts beginning with the Public Accounts for the 1993-94 fiscal year of the following information:

the details of the salary paid to the Deputy Minister and the four other highest paid bureaucrats in each Ministry of the government, the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid political staff in each Ministry and the Premier's Office and the Cabinet Office;

the details of the salary paid to the five highest paid executives in each Crown corporation;

the details of any non-routine loans made or guaranteed by a government Ministry, agency or Crown corporation to any of the above individuals;

information on benefits paid to any of the above individuals that add significantly to compensation;

information on compensation paid to a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff who left during the fiscal year but would otherwise have been among the highest paid group;

information on any contract that would result in a senior public sector executive, senior executive of a Crown corporation or senior member of the political staff being paid more than \$100,000 as a result of being dismissed or having to change duties;

the details of the compensation paid to the directors of Crown corporations. October 19, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

27. Debated November 4, 1993.

28. Debated November 4, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.

1. Budget Motion. Debated May 19, 20, 31, 1993.
11. Mr Charlton - Resolution - That pursuant to Standing Order 46 and notwithstanding any other Standing Order of the House relating to Bill 47, An Act to amend certain Acts in respect of the Administration of Justice, when Bill 47 is next called as a government order, the Speaker shall put every question necessary to dispose of the second reading stage of the bill without further debate or amendment;

That the Standing Committee on General Government shall meet to consider the bill on the 2 regularly scheduled meeting days immediately following passage of this motion. All proposed amendments shall be filed with the Clerk of the Committee by 12.00 p.m. on the last day of clause- by- clause consideration. At 4.00 p.m. on that day, those amendments which have not yet been moved shall be deemed to have been moved and the Chair of the Committee shall interrupt the proceedings and shall, without further debate or amendment, put every question necessary to dispose of all remaining sections of the bill and any amendments thereto. Any divisions required shall be deferred until all remaining questions have been put and taken in succession with one 20 minute waiting period allowed pursuant to Standing Order 128(a); That the Committee be authorized to continue to meet beyond its normal adjournment if necessary until consideration of clause-by-clause has been completed. The Committee shall report the bill to the House on the first available day following completion of clause- by- clause consideration that reports from committees may be received. In the event that the Committee fails to report the said bill on the date provided, the bill shall be deemed to be reported to and received by the House;

That upon receiving the report of the Standing Committee on General Government, the Speaker shall put the question for adoption of the report forthwith, which question shall be decided without debate or amendment, and at such time the bill shall be ordered for third reading.

That one further Sessional day shall be allotted to the third reading stage of the bill. At 5.00 p.m. on such day, the Speaker shall interrupt the proceedings and shall put every question necessary to dispose of this stage of the bill without further debate or amendment.

That in the case of any division relating to any proceedings on the bill, the division bell shall be limited to 5 minutes and no deferral of any division pursuant to Standing Order 28 (g) shall be permitted. November 15, 1993.

**WANT OF CONFIDENCE
NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.

Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada.

Ballot Item Number 38 - To be debated November 25, 1993.

Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario.

1. Budget Motion. Debated May 19, 20, 31, 1993.
11. Time allocation motion in relation to Bill 47. Debated November 16, 1993.
12. Mr Charlton - Resolution - That pursuant to Standing Order 46 and notwithstanding any other Standing Order of the House, in relation to Bill 8, An Act to provide for the control of casinos through the establishment of the Ontario Casino Corporation and to provide for certain other matters related to casinos, one further Sessional day shall be allotted to consideration of the bill in Committee of the Whole House. All amendments proposed to the bill shall be filed with the Clerk of the Assembly by 3.30 p.m. on the Sessional day on which the bill is considered in Committee of the Whole House following passage of this motion. Any divisions required during clause-by-clause consideration of the bill in Committee of the Whole House shall be deferred until 5.00 p.m. on this Sessional day. At 5.00 p.m. on this Sessional day, those amendments which have not yet been moved shall be deemed to have been moved and the Chair of the Committee of the Whole House shall interrupt the proceedings and shall, without further debate or amendment, put every question necessary to dispose of all remaining sections of the bill and any amendments thereto and report the bill to the House. Any divisions required shall be deferred until all remaining questions have been put, the members called in once and all deferred divisions taken in succession.

That, upon receiving the report of the Committee of the Whole House, the Speaker shall put the question for adoption of the report forthwith, which question shall be decided without debate or amendment.

That, at the end of the Sessional day on which Bill 8 is called for third reading debate, the Speaker shall interrupt the proceedings and shall put every question necessary to dispose of this stage of the bill without further debate or amendment. No deferral of any required division shall be permitted.

That in the case of any division in the House relating to any proceedings on the bill, the division bell shall be limited to 5 minutes. November 16, 1993.

**WANT OF CONFIDENCE
NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF
MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.
32. Mr Johnson (Prince Edward-Lennox-South Hastings) - Resolution - That, in the opinion of this House, the present Federal Government should keep its financial commitments to the people of Ontario with respect to its promises made during the recent Federal Election Campaign. November 16, 1993.
33. Mrs Marland - Resolution - That, in the opinion of this House, recognizing that persons with developmental disabilities are valued members of our society who require assistance from the provincial government in order to enjoy the quality of life, independence and community living that persons without disabilities take for granted;

and recognizing that there is a severe shortage of support for adults with developmental disabilities, including supported employment, alternatives to sheltered workshops, a variety of living options, family support services, and parent relief;

and recognizing that institutions for persons with developmental disabilities are being closed before sufficient community support is in place for the discharged residents;

and recognizing that when youth with developmental disabilities turn 21 years of age, they are no longer eligible for children's support programs but can rarely be accommodated in support programs for adults because of the shortage of resources and services;

and recognizing that parents who care for adults with developmental disabilities in their homes require provincial government assistance to allow them to enjoy some of the freedom from child-care responsibilities that most parents of adult children take for granted;

and recognizing that as the parents of adults with developmental disabilities grow older, they worry about who will care for their children when they can no longer do so;

and recognizing that the Ministry of Community and Social Services cut \$1.5 million from its funding of sheltered workshops in 1992/93, then promised it would not execute a further planned cut to sheltered workshops of \$1.5 million in 1993/94, but nonetheless reduced its 1993/94 transfer payments to community living associations by \$1.5 million;

and recognizing that the 1993/94 Estimates for Community and Social Services show a \$20.3 million (11.9%) decrease in the budget for community accommodation for adults with developmental disabilities;

and recognizing that despite new provincial funding of \$21.08 million in 1993 for persons with developmental disabilities, there is still a crisis in support for adults with developmental disabilities;

and recognizing that possible cost savings have been identified in other program areas of the Community and Social Services portfolio, including:

- social services fraud, misallocation and mismanagement (\$630 million per year, or 10% of the Province's social assistance budget, according to the Provincial Auditor);
- payments to convert private daycare centres to non-profit centres, bail out non-profit daycare centres that are in financial difficulty, and build new non-profit centres through the Jobs Ontario Capital program, even though many existing daycare centres, both non-profit and private, have excess capacity (total expenditure: approximately \$200 million);

and recognizing that in other portfolios, cost savings could be achieved by reducing health card fraud (\$675 million/year) and reducing workers' compensation fraud (\$150 million/year), to cite just two examples;

Therefore the Government of Ontario should immediately undertake to reform the financing of support for adults with developmental disabilities, giving consideration to the following:

- person-centred planning, whereby funding is allocated directly to each person with a developmental disability for that person and her/his family or guardian to decide how best to meet his/her needs;
 - improving the funding of community-based support so that the closing of institutions can proceed on schedule and the former residents of institutions can be ensured access to a full range of community support;
 - redirecting funds to adults with developmental disabilities from other areas, such as those mentioned above, where expenditure cuts could be achieved. November 16, 1993.

Ballot Item Number 35 - To be debated November 18, 1993.

Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt.

Ballot Item Number 36 - To be debated November 18, 1993.

Second Reading Bill 2, An Act respecting Heritage Day. Mr A. McLean.

Deuxième lecture Projet de loi 2, Loi concernant le jour du Patrimoine. M. A. McLean.

Ballot Item Number 37 - To be debated November 25, 1993.

Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada.

Ballot Item Number 38 - To be debated November 25, 1993.

Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCFTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario.

Ballot Item Number 39 - To be debated December 2, 1993.

Mrs Marland - Resolution - That, in the opinion of this House, recognizing that persons with developmental disabilities are valued members of our society who require assistance from the provincial government in order to enjoy the quality of life, independence and community living that persons without disabilities take for granted;

and recognizing that there is a severe shortage of support for adults with developmental disabilities, including supported employment, alternatives to sheltered workshops, a variety of living options, family support services, and parent relief;

and recognizing that institutions for persons with developmental disabilities are being closed before sufficient community support is in place for the discharged residents;

and recognizing that when youth with developmental disabilities turn 21 years of age, they are no longer eligible for children's support programs but can rarely be accommodated in support programs for adults because of the shortage of resources and services;

and recognizing that parents who care for adults with developmental disabilities in their homes require provincial government assistance to allow them to enjoy some of the freedom from child-care responsibilities that most parents of adult children take for granted;

and recognizing that as the parents of adults with developmental disabilities grow older, they worry about who will care for their children when they can no longer do so;

and recognizing that the Ministry of Community and Social Services cut \$1.5 million from its funding of sheltered workshops in 1992/93, then promised it would not execute a further planned cut to sheltered workshops of \$1.5 million in 1993/94, but nonetheless reduced its 1993/94 transfer payments to community living associations by \$1.5 million;

and recognizing that the 1993/94 Estimates for Community and Social Services show a \$20.3 million (11.9%) decrease in the budget for community accommodation for adults with developmental disabilities;

and recognizing that despite new provincial funding of \$21.08 million in 1993 for persons with developmental disabilities, there is still a crisis in support for adults with developmental disabilities;

and recognizing that possible cost savings have been identified in other program areas of the Community and Social Services portfolio, including:

- social services fraud, misallocation and mismanagement (\$630 million per year, or 10% of the Province's social assistance budget, according to the Provincial Auditor);
- payments to convert private daycare centres to non-profit centres, bail out non-profit daycare centres that are in financial difficulty, and build new non-profit centres through the Jobs Ontario Capital program, even though many existing daycare centres, both non-profit and private, have excess capacity (total expenditure: approximately \$200 million);

and recognizing that in other portfolios, cost savings could be achieved by reducing health card fraud (\$675 million/year) and reducing workers' compensation fraud (\$150 million/year), to cite just two examples;

Therefore the Government of Ontario should immediately undertake to reform the financing of support for adults with developmental disabilities, giving consideration to the following:

- person-centred planning, whereby funding is allocated directly to each person with a developmental disability for that person and her/his family or guardian to decide how best to meet his/her needs;
- improving the funding of community-based support so that the closing of institutions can proceed on schedule and the former residents of institutions can be ensured access to a full range of community support;
- redirecting funds to adults with developmental disabilities from other areas, such as those mentioned above, where expenditure cuts could be achieved.

Ballot Item Number 40 - To be debated December 2, 1993.

Mr Johnson (Prince Edward-Lennox-South Hastings) - Resolution - That, in the opinion of this House, the present Federal Government should keep its financial commitments to the people of Ontario with respect to its promises made during the recent Federal Election Campaign.

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

AVIS DE MOTIONS DES
DÉPUTÉS

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Mr Kwinter - Resolution - That, in the opinion of this House, given that the Government has decided to create legalized casino gambling in Ontario; and

given that the Government of Ontario has decided to contract out the operations of its legalized casino to a private operator, to be selected by tender; and

given that this decision has been made solely on the basis of the Government's need for increased revenues; and

given that the taxpayers of Ontario have been given no assurance that they will not be forced to pay for any revenue shortfall experienced by the private casino operator;

this House requests the Government of Ontario to introduce an amendment to its casino legislation that will ensure that the financial responsibility for any revenue shortfall and debt will be that of the casino operator; and that

in no circumstances will the taxpayers of Ontario bear any responsibility, financial or otherwise, for any such shortfall and debt. November 2, 1993.

31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.

32. Mr Johnson (Prince Edward-Lennox-South Hastings) - Resolution - That, in the opinion of this House, the present Federal Government should keep its financial commitments to the people of Ontario with respect to its promises made during the recent Federal Election Campaign. November 16, 1993.

33. Mrs Marland - Resolution - That, in the opinion of this House, recognizing that persons with developmental disabilities are valued members of our society who require assistance from the provincial government in order to enjoy the quality of life, independence and community living that persons without disabilities take for granted;

and recognizing that there is a severe shortage of support for adults with developmental disabilities, including supported employment, alternatives to sheltered workshops, a variety of living options, family support services, and parent relief;

and recognizing that institutions for persons with developmental disabilities are being closed before sufficient community support is in place for the discharged residents;

and recognizing that when youth with developmental disabilities turn 21 years of age, they are no longer eligible for children's support programs but can rarely be accommodated in support programs for adults because of the shortage of resources and services;

and recognizing that parents who care for adults with developmental disabilities in their homes require provincial government assistance to allow them to enjoy some of the freedom from child-care responsibilities that most parents of adult children take for granted;

and recognizing that as the parents of adults with developmental disabilities grow older, they worry about who will care for their children when they can no longer do so;

and recognizing that the Ministry of Community and Social Services cut \$1.5 million from its funding of sheltered workshops in 1992/93, then promised it would not execute a further planned cut to sheltered workshops of \$1.5 million in 1993/94, but nonetheless reduced its 1993/94 transfer payments to community living associations by \$1.5 million;

and recognizing that the 1993/94 Estimates for Community and Social Services show a \$20.3 million (11.9%) decrease in the budget for community accommodation for adults with developmental disabilities;

and recognizing that despite new provincial funding of \$21.08 million in 1993 for persons with developmental disabilities, there is still a crisis in support for adults with developmental disabilities;

and recognizing that possible cost savings have been identified in other program areas of the Community and Social Services portfolio, including:

- social services fraud, misallocation and mismanagement (\$630 million per year, or 10% of the Province's social assistance budget, according to the Provincial Auditor);
- payments to convert private daycare centres to non-profit centres, bail out non-profit daycare centres that are in financial difficulty, and build new non-profit centres through the Jobs Ontario Capital program, even though many existing daycare centres, both non-profit and private, have excess capacity (total expenditure: approximately \$200 million);

and recognizing that in other portfolios, cost savings could be achieved by reducing health card fraud (\$675 million/year) and reducing workers' compensation fraud (\$150 million/year), to cite just two examples;

Therefore the Government of Ontario should immediately undertake to reform the financing of support for adults with developmental disabilities, giving consideration to the following:

- person-centred planning, whereby funding is allocated directly to each person with a developmental disability for that person and her/his family or guardian to decide how best to meet his/her needs;
 - improving the funding of community-based support so that the closing of institutions can proceed on schedule and the former residents of institutions can be ensured access to a full range of community support;
 - redirecting funds to adults with developmental disabilities from other areas, such as those mentioned above, where expenditure cuts could be achieved. November 16, 1993.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

Mr Tilson - Whereas the NDP government has continued to proceed with the Interim Waste Authority process of selecting dumps in the Regions of Peel, Durham and York without considering any alternatives to building super dumps;

And whereas continuing this process breaks NDP promises made during the last Provincial election campaign of 1990, as outlined in the Agenda for People;

And whereas the NDP will risk farmland by placing the three sites on existing, operating farms; will threaten the environment by placing sites on aquifers supplying drinking water to surrounding communities and will destroy community life by forcing residents out of their homes and away from their communities in order to develop super dumps in each of the three regions;

And whereas the NDP have insulted the residents in each of the three communities and in fact the people of Ontario with their rhetoric of a fair and open process;

And whereas the fundamental rights of the residents of the three Regions have been violated by the arbitrary decisions to rule out any other alternatives to the super dumps;

And whereas the NDP dictated the IWA process by passing Bill 143 forcing the Greater Toronto Area to accommodate sites for their garbage;

And whereas the NDP government is to be made accountable for its bad decisions by the people of Ontario;

Therefore, this House calls on the NDP government to repeal Bill 143, disband the Interim Waste Authority and place a moratorium on the process of finding three super dumps within the Greater Toronto Area until all alternatives have been explored and researched, including the long rail haul option to willing host communities, incineration and better product management. Minister of Environment and Energy. To be debated November 22, 1993.

43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.

30. Debated November 18, 1993.

31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.

32. Mr Johnson (Prince Edward-Lennox-South Hastings) - Resolution - That, in the opinion of this House, the present Federal Government should keep its financial commitments to the people of Ontario with respect to its promises made during the recent Federal Election Campaign. November 16, 1993.

33. Mrs Marland - Resolution - That, in the opinion of this House, recognizing that persons with developmental disabilities are valued members of our society who require assistance from the provincial government in order to enjoy the quality of life, independence and community living that persons without disabilities take for granted;

and recognizing that there is a severe shortage of support for adults with developmental disabilities, including supported employment, alternatives to sheltered workshops, a variety of living options, family support services, and parent relief;

and recognizing that institutions for persons with developmental disabilities are being closed before sufficient community support is in place for the discharged residents;

and recognizing that when youth with developmental disabilities turn 21 years of age, they are no longer eligible for children's support programs but can rarely be accommodated in support programs for adults because of the shortage of resources and services;

and recognizing that parents who care for adults with developmental disabilities in their homes require provincial government assistance to allow them to enjoy some of the freedom from child-care responsibilities that most parents of adult children take for granted;

and recognizing that as the parents of adults with developmental disabilities grow older, they worry about who will care for their children when they can no longer do so;

and recognizing that the Ministry of Community and Social Services cut \$1.5 million from its funding of sheltered workshops in 1992/93, then promised it would not execute a further planned cut to sheltered workshops of \$1.5 million in 1993/94, but nonetheless reduced its 1993/94 transfer payments to community living associations by \$1.5 million;

and recognizing that the 1993/94 Estimates for Community and Social Services show a \$20.3 million (11.9%) decrease in the budget for community accommodation for adults with developmental disabilities;

and recognizing that despite new provincial funding of \$21.08 million in 1993 for persons with developmental disabilities, there is still a crisis in support for adults with developmental disabilities;

and recognizing that possible cost savings have been identified in other program areas of the Community and Social Services portfolio, including:

- social services fraud, misallocation and mismanagement (\$630 million per year, or 10% of the Province's social assistance budget, according to the Provincial Auditor);
- payments to convert private daycare centres to non-profit centres, bail out non-profit daycare centres that are in financial difficulty, and build new non-profit centres through the Jobs Ontario Capital program, even though many existing daycare centres, both non-profit and private, have excess capacity (total expenditure: approximately \$200 million);

and recognizing that in other portfolios, cost savings could be achieved by reducing health card fraud (\$675 million/year) and reducing workers' compensation fraud (\$150 million/year), to cite just two examples;

Therefore the Government of Ontario should immediately undertake to reform the financing of support for adults with developmental disabilities, giving consideration to the following:

- person-centred planning, whereby funding is allocated directly to each person with a developmental disability for that person and her/his family or guardian to decide how best to meet his/her needs;
 - improving the funding of community-based support so that the closing of institutions can proceed on schedule and the former residents of institutions can be ensured access to a full range of community support;
 - redirecting funds to adults with developmental disabilities from other areas, such as those mentioned above, where expenditure cuts could be achieved. November 16, 1993.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

4. Mr Tilson - Whereas the NDP government has continued to proceed with the Interim Waste Authority process of selecting dumps in the Regions of Peel, Durham and York without considering any alternatives to building super dumps;

And whereas continuing this process breaks NDP promises made during the last Provincial election campaign of 1990, as outlined in the Agenda for People;

And whereas the NDP will risk farmland by placing the three sites on existing, operating farms; will threaten the environment by placing sites on aquifers supplying drinking water to surrounding communities and will destroy community life by forcing residents out of their homes and away from their communities in order to develop super dumps in each of the three regions;

And whereas the NDP have insulted the residents in each of the three communities and in fact the people of Ontario with their rhetoric of a fair and open process;

And whereas the fundamental rights of the residents of the three Regions have been violated by the arbitrary decisions to rule out any other alternatives to the super dumps;

And whereas the NDP dictated the IWA process by passing Bill 143 forcing the Greater Toronto Area to accommodate sites for their garbage;

And whereas the NDP government is to be made accountable for its bad decisions by the people of Ontario;

Therefore, this House calls on the NDP government to repeal Bill 143, disband the Interim Waste Authority and place a moratorium on the process of finding three super dumps within the Greater Toronto Area until all alternatives have been explored and researched, including the long rail haul option to willing host communities, incineration and better product management. Minister of Environment and Energy. To be debated today.

1. Budget Motion. Debated May 19, 20, 31, 1993.
 13. Withdrawn. November 22, 1993.
 14. Mr Charlton - Resolution - That, notwithstanding Standing Order 9, the House shall continue to meet from 6:00 p.m. to 12:00 midnight on November 29, 30, December 1, 2, 6, 7, 8, 9, 1993, at which time the Speaker shall adjourn the House without motion until the next Sessional day. NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mr Harris - Whereas the NDP government continued to follow the job killing tax policies of the previous Liberal administration including 22 new tax increases in its first two budgets on top of the 33 tax increases of the previous government;

And whereas this government continued the trend set by the previous government to increase expenditures annually well in excess of the rate of inflation;

And whereas this government continued the Liberal government's trend to increase the size and scope of government in Ontario to a level we can no longer afford;

And whereas this government compounded this bad fiscal policy with multi-billion dollar deficits;

And whereas this government failed to recognize the long term damage these policies created in the economy of Ontario and did not begin to develop new direction and policy alternatives until over two and a half years after assuming office;

Therefore this House has lost faith in the ability of this government to develop long range economic plans for the prosperity of Ontario and pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government. June 23, 1993.

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**AVIS DE MOTIONS DES
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.
29. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute have provided exemplary service to cancer patients in Ontario, but that these institutions face major capital and operating deficiencies; and that the number of new patients requiring timely treatment is expected to reach 60,000 per year by the year 2000 at the same time as hundreds of thousands of patients need continuing care through a co-operative, co-ordinated system developed on a regional basis; and that a comprehensive system integrating research, education and patient services will enhance the provision of cancer treatment in the province; and that the 1985 Provincial Role Study of Cancer Services in Ontario prepared for the OCTRF and the OCI recommended the establishment of an Ontario Cancer Agency and that those institutions accepted that recommendation in principle; this House recommends that the Government of Ontario should introduce legislation at the earliest possible opportunity to establish an Ontario Cancer Agency which will merge the Ontario Cancer Treatment and Research Foundation and the Ontario Cancer Institute into one unified organization under a single Board, to provide a comprehensive cancer control program for Ontario through a comprehensive cancer centre in each region, and to provide administrative and functional co-ordination of all resources for cancer control in Ontario. October 27, 1993.
31. Mr Perruzza - Resolution - That, in the opinion of this House, this Parliament should call upon the new federal government to abolish the Senate of Canada. November 4, 1993.
32. Mr Johnson (Prince Edward-Lennox-South Hastings) - Resolution - That, in the opinion of this House, the present Federal Government should keep its financial commitments to the people of Ontario with respect to its promises made during the recent Federal Election Campaign. November 16, 1993.

33. Mrs Marland - Resolution - That, in the opinion of this House, recognizing that persons with developmental disabilities are valued members of our society who require assistance from the provincial government in order to enjoy the quality of life, independence and community living that persons without disabilities take for granted;

and recognizing that there is a severe shortage of support for adults with developmental disabilities, including supported employment, alternatives to sheltered workshops, a variety of living options, family support services, and parent relief;

and recognizing that institutions for persons with developmental disabilities are being closed before sufficient community support is in place for the discharged residents;

and recognizing that when youth with developmental disabilities turn 21 years of age, they are no longer eligible for children's support programs but can rarely be accommodated in support programs for adults because of the shortage of resources and services;

and recognizing that parents who care for adults with developmental disabilities in their homes require provincial government assistance to allow them to enjoy some of the freedom from child-care responsibilities that most parents of adult children take for granted;

and recognizing that as the parents of adults with developmental disabilities grow older, they worry about who will care for their children when they can no longer do so;

and recognizing that the Ministry of Community and Social Services cut \$1.5 million from its funding of sheltered workshops in 1992/93, then promised it would not execute a further planned cut to sheltered workshops of \$1.5 million in 1993/94, but nonetheless reduced its 1993/94 transfer payments to community living associations by \$1.5 million;

and recognizing that the 1993/94 Estimates for Community and Social Services show a \$20.3 million (11.9%) decrease in the budget for community accommodation for adults with developmental disabilities;

and recognizing that despite new provincial funding of \$21.08 million in 1993 for persons with developmental disabilities, there is still a crisis in support for adults with developmental disabilities;

and recognizing that possible cost savings have been identified in other program areas of the Community and Social Services portfolio, including:

- social services fraud, misallocation and mismanagement (\$630 million per year, or 10% of the Province's social assistance budget, according to the Provincial Auditor);
- payments to convert private daycare centres to non-profit centres, bail out non-profit daycare centres that are in financial difficulty, and build new non-profit centres through the Jobs Ontario Capital program, even though many existing daycare centres, both non-profit and private, have excess capacity (total expenditure: approximately \$200 million);

and recognizing that in other portfolios, cost savings could be achieved by reducing health card fraud (\$675 million/year) and reducing workers' compensation fraud (\$150 million/year), to cite just two examples;

Therefore the Government of Ontario should immediately undertake to reform the financing of support for adults with developmental disabilities, giving consideration to the following:

- person-centred planning, whereby funding is allocated directly to each person with a developmental disability for that person and her/his family or guardian to decide how best to meet his/her needs;
 - improving the funding of community-based support so that the closing of institutions can proceed on schedule and the former residents of institutions can be ensured access to a full range of community support;
 - redirecting funds to adults with developmental disabilities from other areas, such as those mentioned above, where expenditure cuts could be achieved. November 16, 1993.
